a simple solution  
to world hunger

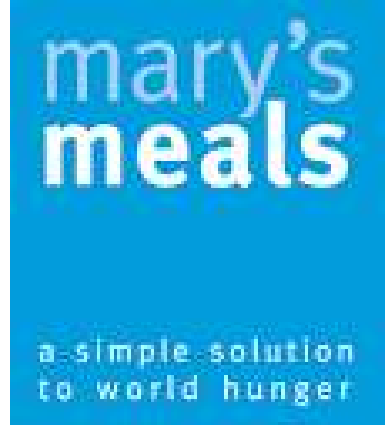

**mary's meals** was introduced in India for the first time at St. Joseph's school, Assandh, Haryana in April 2005 in partnership with mary's meals international, Scotland. This is an attempt to provide daily nutritious meals to children in a school/non formal learning center, regardless of their religion, caste and creed. This motivates children to be regular in the classroom and helps them to focus in their studies. It gives a hope, not just to survive, but also to concentrate, learn, grow, and develop healthily.

**mary's meals** is supporting **88751** children in **181** schools in the states of Delhi, Uttar Pradesh, Jharkhand, Bihar and Chhattisgarh in India.
